### NOTICE OF PROPOSED RULE MAKING

Adopted: August 14, 1992; Released: September 9, 1992

Comment Date: November 2, 1992

Reply Comment Date: November 17, 1992

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed on behalf of Women in Florida Broadcasting, Inc. ("petitioner"), licensee of Station WDFL(FM), Channel 295C1, Cross City, Florida, proposing the reallocation of Channel 295C1 from Cross City, Florida, to Bronson, Florida, as that community's first local service.<sup>1</sup> Petitioner also seeks the modification of its license accordingly.

2. Petitioner seeks to invoke the provisions of Section 1.420(i) of the Commission's Rules. In this regard, petitioner states that the requested change to Bronson is mutually exclusive with the allotment of Channel 295C1 at Bronson, as it proposes no change in the present reference coordinates for Channel 295C1 at Cross City.<sup>2</sup> Petitioner states the proposed allotment of Channel 295C1 to Bronson will place a 70 dBu signal over the community of Bronson. Petitioner argues that the reallocation of Channel 295C1 to Bronson will result in a preferential arrangement of allotments. Bronson (population 875) would receive its first local transmission service and Cross City (population 2,041) will continue to receive local aural transmission service from Station WDFL(AM).<sup>3</sup> Petitioner advises that while Cross City is currently larger in population, Bronson is growing faster than Cross City. Petitioner states that neither Bronson nor Cross City is located in an urbanized area.

3. An engineering analysis has determined that Channel 295C1 can be allotted to Bronson in compliance with the Commission's minimum distance separation requirements with a site restriction of 48.2 kilometers (30.0 miles) west of the community at the site for vacant channel 295C1 at Cross City. We note that Station WDFL(FM) at Cross City

is short-spaced to Station WSNI(FM), Channel 296C1, Thomasville, Georgia. The short-spacing was "grandfathered" under the provisions of Section 73.213.

4. We believe the public interest may be served by proposing to reallocate Channel 295C1 from Cross City to Bronson, Florida, since Bronson could receive its first local transmission service. As requested, we will propose to modify petitioner's license for Station WDFL(FM) to include Bronson as its community of license. In accordance with Section 1.420(i) of the Commission's Rules, we will not accept competing expressions of interest in use of Channel 295C1 at Bronson or require the petitioner to demonstrate the availability of an additional equivalent class channel for use by such parties.

5. Accordingly, the Commission believes it would be in the public interest to seek comments on the proposal to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to the following community:

Channel No.		
City	Present	Proposed
Bronson, Florida	--	295C1
Cross City, Florida	295C1	--

6. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

7. Interested parties may file comments on or before November 2, 1992, and reply comments on or before November 17, 1992, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

John M. Spencer  
Leibowitz & Spencer  
One S.E. Third Avenue, Suite 1450  
Miami, Florida 33131  
(Counsel for Women in Florida Broadcasting, Inc.)

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See *Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

<sup>1</sup> Petitioner is presently licensed on Channel 292A at Cross City, Florida. However, it was modified to specify operation on Channel 295C1 by *Report and Order* (MM Docket No. 87-455), 4 FCC Rcd 5599 (1989), *recon. denied*, 7 FCC Rcd 2557 (1992), *app for rev. pend.* An application (BPH-891129IB) to effectuate

this upgrade is pending in the FM Branch.

<sup>2</sup> The coordinates for Channel 295C1 at Bronson are North Latitude 29-24-07 and West Longitude 83-08-10.

<sup>3</sup> Population figures are taken from the 1990 U.S. Census.

Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.
